## beauty

We tell you about the latest  
buzz in the beauty industry!

Today

The latest addition to the **Intifree** x Garnier Virde, delivers radiance, promises to leave your skin feeling soft, supple and healthy. The active green tea and vitamin E formula absorbs rapidly into the skin, the super rich skin post clay mask absorbs excess oil for visible smaller pores, to improve the texture of the skin.

Upgrade your daily routine with the luxurious experience of **Body-Capelli's** bath salts. The granules present in the bath salts help in exfoliation, detoxifying and clearing pores thus making the skin supple and smooth. The bath salts also help to relax the body and mind and the essential oils present in them soothe inflammation and irritation.

**Detoxix's** avocado-based face pack is packed with antioxidants and enriched with olive oil, almond oil, rosemary oil, grape seed oil, wheat germ oil and cardamom oil, for rapid hydration and softness with skin with a healthy-looking glow. It breaks collagen and detaches against free radicals to support natural elasticity.

The soap blue powder cleanser by **Skincare** is a gentle, non-drying powder to leave skin clean, when combined with water or a hydrosol, transforms into a light foam. A blend of exotic herbs, it's naturally high in All-Heal and works well as a regular mild but powerful face cleanser.

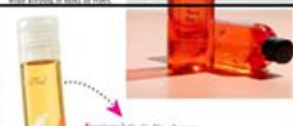

The Beauty Co's D'Vine skincare products are enriched with real rose and natural ingredients like pomegranate and berry extracts to provide an all-in-one solution for your skin problems. With anti-ageing and anti-inflammatory properties, it protects the skin from infections and breakdowns. The products hydrate, soothe, and strengthen elastic fibers, to give a youthful look.

**Trendspotter:**  
At-home beauty tools,  
blue light blocking care  
Women are gravitating  
towards at-home beauty tools  
and blue light blocking skincare  
for indulgent self-care during  
these times.

Get the glow with **Mach's** Glow Up herbal navel oil. It helps to reduce acne, dark spots and scars and in repairing damaged skin. The antioxidant action helps in reducing pigmentation and evens your skin tone.

The detox range by **The Bath Story** is specially enriched with dead sea salt and blue tea oil and based on organic principles that are sure to give your skin a radiant glow. The products are of high quality and created to work synergistically with your skin and enhance it while keeping it moist all times.

**Ferning's** Go On Via oil serum treatment for primary detoxification is a blend of plant extracts and oils that stimulate circulation and provide comfort during painful periods. Useful for all ages, the formulation relaxes daily stress, reduces cramping and pain and optimizes wellbeing. A true breather for women!
